

Real Talk Series “Family Ties” BLAST

As part of the school’s commitment to diversity, inclusion, justice, and equity, the Middle School is continuing the Real Talk Series to create ongoing opportunities for students to hear directly from people of different backgrounds and points of view. We hope these conversations will give our students a chance to attain a certain level of understanding and acceptance of the diversity at Seven Hills. “Family Ties” is the second of three panelist discussions we will host this year. Advisory activities precede this presentation to familiarize our students with this topic. During this Real Talk discussion, panelists will discuss their family dynamics, sharing the joys and traditions that make their experiences special. They’ll also address any misconceptions about their family structures.

Please print, sign, and return this form to your child’s advisor if you **DO NOT** want your child to participate in “Family Ties,” which includes Advisory activities around this topic and the Real Talk panel presentation on the morning of Jan. 26, 2024.
